

INDEX OF MODIFICATIONS – DH 89A DRAGON RAPIDE

Mod No.	Date of Issue	Modification Title
1		To Introduce a Screen on Berkshire-type Windscreen Wiper Motor to Eliminate Compass Interference. (Dominie Mod. 65)
2		To Improve the Attachment of Anti-vibration Strut on Mainplane Bracing. (Dominie Mod. 63)
3		To Change the Material of Exhaust Venturi from Inconel to DTD 493.
4 Issue 2	09.10.46	To Introduce Modified Air Scoop.
5 AL1	21.11.51	To Introduce Fuel Drain Pipe for Induction Manifold, (where Gipsy Mod. 1152 is embodied). (Dominie Mod. 69).
6		To Introduce 60 volt Engine Speed Indicator and Generator, in lieu of 15 volt Type.
7		To Introduce Modified Engine Running Instruction Label in Cockpit. (Complementary to Gipsy Mod. 949)
8		To Introduce Electrical Variable Pitch Propellers.
9	09.05.50	To Provide Battery Master Switch. Part A: Battery Positioned in Rear Fuselage. Part B: Battery Positioned Under Starboard Cabin Seat. Part C: Battery Positioned Behind Bulkhead.
10 Issue 2, AL1	04.11.49	To Provide Fuse in Negative Lead to Radio (For aircraft with Marconi 604 switch boards only).
11 AL1	26.10.49	To Introduce a Second Sensitive Altimeter.
12 AL1	30.12.49	To Introduce Air Temperature Thermometer.
13	07.10.53	To Introduce Amended Cockpit Data Plates for DH89A Rapide Series 4.
14	07.10.53	To Introduce Amended Cockpit Data Plates for DH89A Rapide Series 5.
15	08.07.54	Mainplane and Undercarriage Bracing Struts – To Introduce Bracing for Rear Diagonal Strut and Strengthened Undercarriage Radius Rod.
16	16.08.54	Engine Exhaust Manifold – To Introduce an extension pipe to:- Part A: Port and Starboard Engine Exhaust Manifolds for Aircraft Without Heater Systems. Part B: Starboard Engine Exhaust Manifold only, for Aircraft with Heater System Fitted.
17	17.08.55	To Introduce Anti-flutter Mountings for Whip Aerials.
18	30.08.55	To Introduce Dove-type Engine Speed Indicators and Engine Speed Indicator Generators.
19 AL1		To Introduce Fuel Contents Gauge 2185FG and Dual Fuel Indicator.
20		Engine Installation – To Introduce Rocker Box Cooling.
21		To Introduce CAV Windscreen Wipers as an Alternative to Berkshire Type.
22		Private Scheme. To Introduce Battery PED QF Mk3 and Fuse in Nav/Comm Negative Supply Line.
23		To Introduce Fuel Hose 4L481 in lieu of Existing Hose 42658.
24		To Introduce Aeroquip Hoses in lieu of Superflexit Hoses in the Engine Nacelles (G-AIYR)
25		To Introduce Aeroquip Hoses in lieu of Superflexit Hoses in the Engine Nacelles (G-AJHO)
26		To Introduce A25 Bolts/A27 Nuts in lieu of A1 Bolts/A16 Nuts.
